

SAFETY DATA SHEET

1. PRODUCT AND COMPANY NAME

- 1.1 Product name:** BUTYL Stretch Flex
- 1.2 Company:** ISOCELL GmbH & Co KG
Gewerbstraße 9
5202 Neumarkt am Wallersee
Austria
Tel: +43 6216 4108 – 0
Fax: +43 6216 7979
email: office@isocell.at

2. COMPOSITION / INFORMATION ON SUBSTANCES

- 2.1 Description:** medium-hard, paste-like butyl rubber sealing tape, inorganic fillers and plasticizers.
- 2.2 Hazardous substances:** None

3. POTENTIAL RISKS

Hazard warning does not apply.

4. FIRST AID MEASURES

No special measures required.

5. FIREFIGHTING MEASURES

- 5.1 Suitable extinguishing agent:** no restriction
- 5.2 Protective equipment:** use breathing apparatus for large quantities.

6. ACCIDENTAL RELEASE MEASURES

Clean up mechanically

7. HANDLING AND STORAGE

Storage cool and dry.
Do not freeze, avoid direct sunlight.
Use of protective gloves is recommended.

8. EXPOSURE RESTRICTION AND PERSONAL PROTECTION EQUIPMENT

No special measures required.

9. PHYSICAL AND CHEMICAL PROPERTIES

Form: medium-hard, paste-like	Melting point: n.a.
Odour: slight	Flash point: n.a.
pH: n.a.	Soluble in water: no
Boiling point: n.a.	Soluble in: aromatic and aliphatic hydrocarbons
Density: 1.5g/cm ³	

10. STABILITY AND REACTIVITY

10.1 Decomposition temperature: above 200° C

10.2 Hazardous decomposition products: no known hazardous decomposition products

11. TOXICOLOGICAL INFORMATION

All substances are non-volatile and non-toxic.

12. ECOLOGICAL INFORMATION

In our experience this product poses no risk to the environment.

13. DISPOSAL METHODS

Incineration or landfill in accordance with local regulations.

14. TRANSPORT INFORMATION

Non-hazardous products.

15. REGULATORY INFORMATION

No special labelling according to EC regulation.

16. OTHER INFORMATION

This information is based on the current state of knowledge. It constitutes no guarantee of product properties in the sense of legal warranty obligations.

According to REACH Regulation (EC) No.1907/2006 dated 18.12.2006 and CLP regulation BUTYL Stretch Flex is not a substance, but is a compound. For this there is no requirement for downstream users to compile a safety data sheet (SDS). By creating a SDS for the product we are not fulfilling any legal requirement, but are proactively meeting the increased need for information on the market.
